

**SECTION – A (Reading)**

Q.1 Read the following passage carefully and answer the questions given below -

[1×5=5]

It was 26<sup>th</sup> March, 1974. In a small village in Chamoli district, Uttarakhand, some people from a factory went to cut trees. A village girl saw them and informed the other villagers. The village women came in large groups under Gaura Devi, their leader. They hugged the trees. Gaura Devi told the woodcutters. "We are hugging the trees. If you want to cut the trees down, hit us first."

The woodcutters tried to send the women back. But the women did not go. Finally, the wood cutters went away without cutting trees. This was the beginning of Chipko Movement.

Fill in the blanks -

- (1) ..... is an important day in the Chipko Movement.
- (2) The incident happened in ..... in Uttarakhand.
- (3) ..... saw the woodcutters and informed the villagers.
- (4) The women ..... the trees to protect them.
- (5) The leader of the village women was .....

Q.2 Read the following passage carefully and answer the questions given below -

[1×5=5]

Lalita sowed some tomato seeds in her garden. The seeds grew into little plants after a few days. She removed every weed. She never allowed any insect near her pet plants. When the days were hot, she watered the plants. She put compost under the plants. The flowers grew and became big. The tiny green tomatoes began to show. Lalita and her sister watered the plants daily. A very large beautiful tomato grew in the plant. Her father said, "It is the finest tomato I have ever seen." The sisters were very happy.

**Questions -**

(c) because plants grew in their garden  
(d) because their father was happy

SECTION - B (Writing)

[4]

Q.3 Read the following passage and make notes on it and also give a suitable title to it.

There are many different kinds of musical instruments. They are divided into three main classes according to the way they are played. For example, some instruments are played by blowing air into them. These are called wind instruments. In some of these the air is made to vibrate inside a wooden tube and these are said to be of the woodwind family. The examples of this family are the flute, the clarinet and the bassoon. Other instruments are made of brass: the trumpet and the horn are the examples. There are also various other wind instruments such as the mouth organ and the bagpipes. Some instruments are played by banging or striking them. One obvious example is the drum, of which there are various kinds. Instruments like this are called percussion instruments. The last big group of instruments are the ones which have strings. There are two main kinds of stringed instruments those in which the music is made by plucking the strings and those where the player draws a bow across the strings. Examples of the former are the harp and the guitar and that of the latter are the violin and the cello.
